PERSONAL STATEMENT

Design is a language that I love expressing and sharing to impact our community. I am seeking a internship experience to find new challenges and use my education and training to create amazing products in UX/UI and motion designs.

Available May 12th of 2020

EDUCATION

New Media Design '21

Rochester Institute of Technology

Bachelor of Fine Arts

GPA: 3.36/4.0

EXPERIENCE

Visual Design Intern

Quick Base | June - Aug 2019

Team collaboration working on new design language for a software product. Assisted in creating new icons, UI elements and improve visual layouts for upcoming new products.

Product Support Intern

Williams International | July - Aug 2018

Worked on designing digital signage, process indicator development, debug codes, front end application enhancements and form template improvements.
